

Ambarella, Inc. Announces Third Quarter Fiscal Year 2022 Financial Results

November 30, 2021

SANTA CLARA, Calif., Nov. 30, 2021 (GLOBE NEWSWIRE) -- Ambarella, Inc. (NASDAQ: AMBA), an AI vision silicon company, today announced financial results for its third quarter of fiscal year 2022 ended October 31, 2021.

- Revenue for the third quarter of fiscal 2022 was \$92.2 million, up 64% from \$56.1 million in the same period in fiscal 2021. For the nine months ended October 31, 2021, revenue was \$241.6 million, up 50% from \$160.8 million for the nine months ended October 31, 2020.
- Gross margin under U.S. generally accepted accounting principles (GAAP) for the third quarter of fiscal 2022 was 62.5%, compared with 62.0% for the same period in fiscal 2021. For the nine months ended October 31, 2021, GAAP gross margin was 62.4%, compared with 60.8% for the nine months ended October 31, 2020.
- GAAP net profit for the third quarter of fiscal 2022 was \$0.8 million, or earnings per diluted ordinary share of \$0.02, compared with GAAP net loss of \$17.1 million, or loss per diluted ordinary share of \$0.49, for the same period in fiscal 2021. GAAP net loss for the nine months ended October 31, 2021 was \$17.2 million, or loss per diluted ordinary share of \$0.47. This compares with GAAP net loss of \$47.3 million, or loss per diluted ordinary share of \$1.37, for the nine months ended October 31, 2020.

Financial results on a non-GAAP basis for the third quarter of fiscal 2022 are as follows:

- Gross margin on a non-GAAP basis for the third quarter of fiscal 2022 was 63.1%, compared with 62.7% for the same period in fiscal 2021. For the nine months ended October 31, 2021, non-GAAP gross margin was 62.9%, compared with 61.4% for the nine months ended October 31, 2020.
- Non-GAAP net income for the third quarter of fiscal 2022 was \$22.2 million, or earnings per diluted ordinary share of \$0.57. This compares with non-GAAP net income of \$3.3 million, or earnings per diluted ordinary share of \$0.09, for the same period in fiscal 2021. Non-GAAP net income for the nine months ended October 31, 2021 was \$44.3 million, or earnings per diluted ordinary share of \$1.15. This compares with non-GAAP net income of \$6.7 million, or earnings per diluted ordinary share of \$0.19, for the nine months ended October 31, 2020.

The acquisition of Oculii Corp. was completed on November 5, 2021 and its results of operation will be incorporated into Ambarella's results beginning as of that date. Based on information available as of today, Ambarella is offering the following guidance for the fourth quarter of fiscal year 2022, ending January 31, 2022:

- Revenue is expected to be between \$88.5 million and \$91.5 million.
- Gross margin on a non-GAAP basis is expected to be between 63.0% and 64.0%.
- Operating expenses on a non-GAAP basis are expected to be between \$39.0 million and \$41.0 million.

Ambarella reports gross margin, net income (loss) and earnings (losses) per share in accordance with GAAP and, additionally, on a non-GAAP basis. Non-GAAP financial information excludes the impact of stock-based compensation and acquisition related costs, adjusted for the associated tax impact, which includes the effect of any benefits or shortfalls recognized. A reconciliation of the GAAP to non-GAAP gross margin, net income (loss) and earnings (losses) per share for the periods presented, as well as a description of the items excluded from the non-GAAP calculations, is included in the financial statements portion of this press release.

Total cash, cash equivalents and marketable debt securities on hand at the end of the third quarter of fiscal 2022 was \$457.8 million, compared with \$449.2 million at the end of the prior quarter and \$423.6 million at the end of the same quarter a year ago. On November 5th, the acquisition of Oculii closed and a net \$307.5 million of cash was used to finance the transaction.

"Our transformation into a deep learning AloT processing company took another leap forward with the acquisition of Oculii, a provider of advanced algorithms for high definition imaging radars. The radar perception market is incremental, but most importantly this transaction feeds into our long-term strategy to provide a more comprehensive AloT processor to our customers," said Fermi Wang, President and CEO. "I'm pleased with our progress in Q3, with positive operating leverage driving non-GAAP operating margins into the 20% range. Our operational execution remains strong, yet supply dynamics remain difficult to predict, as shortages of other companies' components has become a more significant and gating factor to our results and outlook."

Quarterly Conference Call

Ambarella plans to hold a conference call at 4:30 p.m. Eastern Time / 1:30 p.m. Pacific Time today with Fermi Wang, President and Chief Executive Officer, John Young, Vice President, Finance and interim Principal Financial Officer and Principal Accounting Officer, and Louis Gerhardy, Corporate Development, to discuss the third quarter of fiscal year 2022 results. The call can be accessed by dialing 877-304-8963 in the USA; international callers should dial 760-666-4834. Please dial in ten minutes prior to the scheduled conference call time. A live and archived webcast of the call will be available on Ambarella's website at http://www.ambarella.com/ for up to 30 days after the call.

About Ambarella

Ambarella's products are used in a wide variety of human and computer vision applications, including video security, advanced driver assistance systems (ADAS), electronic mirror, drive recorder, driver/cabin monitoring, autonomous driving, and robotic applications. Ambarella's low-power system-on-chips (SoCs) offer high-resolution video compression, advanced image processing, and powerful deep neural network processing to enable intelligent cameras to extract valuable data from high-resolution video streams. For more information, please visit www.ambarella.com

"Safe harbor" statement under the Private Securities Litigation Reform Act of 1995

This press release contains forward-looking statements that are not historical facts and often can be identified by terms such as "outlook," "projected," "intends," "will," "estimates," "anticipates," "expects," "believes," "could," "should," or similar expressions, including the guidance for the fourth quarter of fiscal year 2022 ending January 31, 2022, and the comments of our CEO relating to our ability to generate revenue in the radar perception market, our strategy of providing a more comprehensive AIoT processor, our operational performance, and supply-chain challenges faced by us. The achievement or success of the matters covered by such forward-looking statements involves risks, uncertainties and assumptions. Our actual results could differ materially from those predicted or implied and reported results should not be considered as an indication of our future performance.

The risks and uncertainties referred to above include, but are not limited to, risks associated with global health conditions and associated risk mitigation measures; global economic and political conditions, including possible trade tariffs and restrictions; supply chain challenges in the semiconductor industry; revenue being generated from new customers or design wins, neither of which is assured; the commercial success of our customers' products; our growth strategy; our ability to anticipate future market demands and future needs of our customers, particularly for computer vision applications; our ability to introduce new and enhanced solutions; our ability to develop, and to generate revenue from, new advanced technologies, such as computer vision functionality; our ability to retain and expand customer relationships and to achieve design wins; the expansion of our current markets and our ability to successfully enter new markets, such as the OEM automotive and robotics markets; anticipated trends and challenges, including competition, in the markets in which we operate; our ability to effectively manage growth; our ability to effectively integrate businesses or technology that we acquire, including Oculii Corp., our ability to retain key employees; and the potential for intellectual property disputes or other litigation.

Further information on these and other factors that could affect our financial results is included in the company's Annual Report on Form 10-K for our 2021 fiscal year, which is on file with the Securities and Exchange Commission. Additional information will also be set forth in the company's quarterly reports on Form 10-Q, annual reports on Form 10-K and other filings the company makes with the Securities and Exchange Commission from time to time, copies of which may be obtained by visiting the Investor Relations portion of our web site at www.ambarella.com or the SEC's web site at www.ambarella.com or the date hereof. The results we report in our Quarterly Report on Form 10-Q for the third fiscal quarter ended October 31, 2021

Ambarella assumes no obligation and does not intend to update the forward-looking statements made in this press release, except as required by law.

Non-GAAP Financial Measures

The company has provided in this release non-GAAP financial information, including non-GAAP gross margin, net income, and earnings per share, as a supplement to the condensed consolidated financial statements, which are prepared in accordance with generally accepted accounting principles ("GAAP"). Management uses these non-GAAP financial measures internally in analyzing the company's financial results to assess operational performance and liquidity. The company believes that both management and investors benefit from referring to these non-GAAP financial measures in assessing its performance and when planning, forecasting and analyzing future periods. Further, the company believes these non-GAAP financial measures are useful to investors because they allow for greater transparency with respect to key financial metrics that the company uses in making operating decisions and because the company believes that investors and analysts use them to help assess the health of its business and for comparison to other companies. Non-GAAP results are presented for supplemental informational purposes only for understanding the company's operating results. The non-GAAP information should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from non-GAAP measures used by other companies.

With respect to its financial results for the third quarter of fiscal year 2022, the company has provided below reconciliations of its non-GAAP financial measures to its most directly comparable GAAP financial measures. With respect to the company's expectations for the fourth quarter of fiscal year 2022, a reconciliation of non-GAAP gross margin and non-GAAP operating expenses guidance to the closest corresponding GAAP measure is not available without unreasonable efforts on a forward-looking basis due to the high variability and low visibility with respect to the charges excluded from these non-GAAP measures. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

The difference between GAAP and non-GAAP gross margin was 0.6% and 0.7%, or \$0.5 million and \$0.4 million, for the three months ended October 31, 2021 and October 31, 2020, respectively. The difference between GAAP and non-GAAP gross margin was 0.5% and 0.6%, or \$1.2 million and \$1.0 million, for the nine months ended October 31, 2021 and October 31, 2020, respectively. The differences were due to the effect of stock-based compensation and the amortization of acquisition-related costs.
